

LOBA® ParkettSoap

Product description

Maintenance care and cleaning product basing on soap. Also available white pigmented for treating white tinted floorings.

Range of Use

To primary- and maintenance-care impregnated wood- floorings.

Features

- Maintenance cleaner, maintenance care and intensive cleaner in one
- Cleaning efficiency
- Solvent free
- Also available in white

Technical Data

Article No.	10048	Application Rate	Approx. 50 - 100 ml per bucket per 100 m ²
Variante	Transparent 5 l, 1 l Weiß 1 l	Application Tool	Mop
Package Size	5 l, 1 l	Thinner	Water
Packing	Box: 4 x 5 l Pallet: 128 x 5 l Box: 12 x 1 l Pallet: 480 x 1 l	Contents	Less than 5% soap, less than 5% anionic surfactants, less than 5% nonionic surfactants. Further ingrediens: BENZISOTHIAZOLINONE, METHYLISOTHIAZOLINONE
Storage and Transportation	+5°C to + 25°C (41°F to 77°F), storable for 36 months, no hazardous material according to ADR	pH-Wert	7,5
GISCODE	GU 40		

Preparation:

Remove loose dirt and dust in advance with a vacuum cleaner, brush or mop.

Maintenance Cleaning:

Mix approx. 50-100 ml ParkettSoap with 10l of water. Damp mop floor with a mop suitable for the surface. The use of too much water in combination with long exposure times might lead to swellings of cork and hardwood floors.

Tip: When using ParkettSoap frequently for maintenance cleaning it will form a soap layer. By polishing up it will form a resistant care layer.

Intensiv Cleaning:

Mix ParkettSoap in a ratio of 1:2 with water and wet the surface by using a spray can or mop. Immediately afterwards work the surface with a single disc machine and a LOBA Special-Pad green. Vacuum off dissolved dirt by using a wet/dry vacuum cleaner, a mop or cloths and afterwards wipe with clean water. On larger areas work in sections. In order to reduce wood swellings only use as much water as required. Limit exposure time of the cleaning solution to a minimum.

Since the floor will be strongly worn out, applying one coat of ParkettOil Deluxe or Baseoil after drying overnight is necessary.
